

What to wear

to your Sunflowers Mini-Session

Are you wondering what to dress yourself and your family in for your Sunflowers Photoshoot? Remember this is an outdoor session and you have to walk a little bit to find my spot, so wear comfortable shoes. I suggest wearing an outfit that is fairly neutral, I also love the contrast of the red with the yellow. Long dresses are always a good idea, but a classic pair of jeans will do just fine. The key is to leave the color up to the sunflowers in the field. It doesn't have to be too formal, the idea is the whole family uses the same or similar colors. I absolutely recommend bring hats, I used to bring many hats but due to Covid-19 I don't think is a good idea to share them.

Important Information about your session date

Sunflowers Mini Sessions will be done in
**Southern Hill Farms, located at
16651 Schofield Rd, Clermont FL 34714**

Mini-Sessions are on a very strict schedule, so please plan to arrive 20-minutes before your session to allow time to park and get to the spot. Once you arrive at the farm, please park by the red barn & meet one of the farm representative for check-in. I will let you know where I will be located but also you will see an arrow with my sign. Follow it. No pets are allowed in the blueberry or peach fields at any time but they are welcome in the Sunflowers Field. If you are not on time the Photographer will be attending to the next family in the itinerary. Remember this is a 30 minutes session. Please make sure your kids have eaten and slept well so they can get happy faces. This session is all about moms but husbands are also welcome, how can we miss a Family Portrait?

Get some flower at the entrance for some fun shots.

Any destruction of crops is prohibited. No picking of crops will be allowed during photography session.
